

Week 9: July 24 - July 28

P1 What's Popping

Popcorn is not just a movie time treat. Campers will learn the history and science of this great snack and how it engages all five senses through games, books, and a little cooking.

P2 Lights, Camera, Action!

Have your child be a Broadway star in this week of theatrical play and excitement. Students will act out characters, dance and choose their own adventure. Showcasing their talents for the spotlight and learning how to perform in front of others!

Week 10: July 31 - August 4

P1 & K2 Around the World in 40 Hrs.

Join the adventure! Our students will discover the world in this week of expedition. Activities will include continent explorations, the seven wonders of the world, and parts of the planet. We will also dive into different cultures around the globe. Come and travel the earth with us!

CDSA lead teachers will alternate leading throughout the 10-week summer program. We are excited to announce partnership with Clayton (Youth Enrichment Services) YES., who will co-lead the weekly themes. It's going to be a fun and exciting summer!

REMINDERS -

Don't forget to apply sunscreen & bug spray before arriving each day. Please bring a towel on Splash Day!

It's going to be a great summer!!

Week 1: May 30 - June 2

Reminder: Closed Monday, May 29th

P1 & P2 Under The Sea

Dive in to study the mysteries of the majestic oceans. Students will engage in an deep-sea adventure with their imagination as they experience marine life, sand and water, and hands-on learning.

Week 2: June 5 - 9

P1 Dr. Seuss Is On The Loose

"The more that you read, the more things you will know. The more that you learn, the more places you'll go." Dive into the world of revered literary author, Dr. Seuss on a whimsical journey of his works. Students will engage in thought provoking crafts and activities to discover messages, morals, and rhyming sequences. "And will you succeed? Yes! You will indeed! 98 and 3/4 percent guaranteed"

P2 Wild, Wild West

A fun-filled week celebrating the joys of summer with a Texas themed twist. Rootin' tootin' mornings will be spent enjoying the great outdoors with lots of games and adventures. Students will know first-hand how the west was fun! We're fixin' to have some fun!

Week 3: June 12 - 16

P1 Science Fun

Students will explore the wonders of science, develop science skills, and learn about a wealth of physical science individual, small group, and whole class activities. Many of these activities encourage co-operative learning.

P2 Blast Off Into Space

Sky watchers will love this week devoted to astronomy. Studies will be out of this world as students learn about the planets, the sun and the moon. Building a solar system will be just one of many activities

Week 4: June 19 - 23

P1 Exploring Great Artist

Monet, Van Gogh, Picasso, and Matisse: are just some of the great historical artists students will learn about this week. A stylistic focus of abstract, impressionism, water color, and more will be accomplished through a hands-on week of painting, drawing, collaging, and more. Please remember to dress your aspiring artist in paint friendly clothes.

P2 Do You Hear What I Hear?

Students love music as much as they enjoy making crafts. This week students will join their creative forces to construct instruments. This musically centered sensory experience will help them discover their own creative expression of rhythm, tempo, and the beat of the music that moves them.

Week 5: June 26 - June 30

P1 Bouncing, Rolling, Tossing

We're going to have a ball this week! Students will enjoy ball centered activities designed to enhance motor and social skills: taking turns, passing, aiming, hitting, encouraging others, and building self confidence. Hands-on experiences will include craft making and many games.

P2 Art Is All Around Us

Students will explore the wonderful world of art for these two weeks of art camp. Expect lots of hands-on fun while little artists familiarized with different media, techniques, tools, paint, sculpt, dabble in printmaking and create their very own masterpiece! Discussions on great artists and their works will help them discover their own favorites. Please remember to dress your aspiring artist in paint friendly clothes.

Week 6: July 3 - 7

Reminder: Closed Tuesday, July 4th

P1 Space & Motion

Ready, set...relativity! Children will explore the motion of objects and simple physics. Together we'll play with gravity and study the basic properties of matter. We will combine learning and laughter in this fun-filled week of energy exploration.

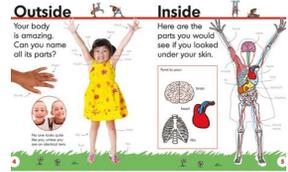

P2 Art Is All Around Us

...Continued from week 5

Week 7: July 10 - 14

P1 Dr. Who?

Dive into the depths of the body as we study the amazing human system. Students will learn how we move, what we are made of, and what habits of diet and exercise keeps our bodies strong and healthy. With so much fun and learning, your kids will be calling themselves "just the doctor" by the end of the week.

P2 Reuse, Recycle, Reduce

What happens when paper, plastic, or glass is tossed in the trash? This week students will learn the importance of the 3R's and the effects on their community and environment. Crafting "upcycled" art will emphasize the concept and empower and little environmentalists to be proactive helpers.

Week 8: July 17- July 21

P1 Animal Nation

Quack, Oink, Neh, or Moo-ve on in to join animal themed learning. This week students will let their imaginations run wild as they create animal puppets., engage in theatric play and stories.

P2 It's More Fun With A Green Thumb

Let us cultivate your child's interest in gardening! Students will get hands on with nature, including: different kinds of plants, vegetables, herbs, seeds, planting, compost, gardening tools and much more. We will learn about the importance of light and water and how some creepy crawly insects are good and/or bad for our garden as well. They'll come home with a thumb greener than yours and perhaps a better helper in the garden!
