

Summertime News To Use

Our mission is to educate the whole child; thus we endeavor to nurture every heart and challenge every mind through the experience of meaningful inquiry.

July 23, 2010
Week 7

Monday 07/26	Tuesday 07/27	Wednesday 07/28	Thursday 07/29	Friday 07/30
Music with Ms. Sheila	PE with Stretch N' Grow Tee Shirt Day	High Touch-High Tech visits 'Fossil Fun'	PE with Stretch N' Grow	Splash Day! Tee Shirt Day

Builders

This week students enjoyed learning about simple machines such as levers, pulleys and wheels and we also incorporated some transportation facts into the learning. The children were given the opportunity to race Hot Wheels down ramps that they built using various materials in the classroom, design trains and cars with index cards, wheel macaroni and yarn.

High Touch-High Tech visited and presented several experiments using gravity. The children practiced pulling a placemat out from under dishes on a table without disturbing the dishes (see picture below). They balanced poker chips on their elbows then caught them before they hit the ground and last but not least, they had to put on their thinking caps to figure out how to build a house out of toothpicks and marshmallows without the house collapsing.

**Splash Day
next Friday!**

Next week we welcome back Ms. Stephanie (Toddler class), Ms. Sue (Transitional) and Ms. Nusrat (Primary-1st). We hope Mrs. McCall and Ms. Charlotte enjoy the remainder of their summer vacations!
